

NET ZERO PATHWAY

STEP 1 MEASURE

- Greenhouse gas inventory including Scope 1, 2 and selected 3 categories based on GHG Protocol
- Identify, gather, and analyze data

STEP 2 TARGET

- Strategy ideation workshops (Eg: renewable energy, building efficiencies, supplier engagement)
- Net Zero Pathway modeling with quantification of costs, ROI and GHG reduction
- Goal workshops based on SBTi guidance

STEP 3 IMPLEMENT

- Sustainability Master Planning for implementation of selected strategies
- Identification and tracking of performance metrics
- Engagement of internal and external stakeholders
- Net Zero Pathway implementation plan including strategies, owners, timelines, and resource needs.
- Sustainability Dashboard
- Other deliverables as defined by implementation needs

Scope of Work

Deliverables

Time

4-8 weeks

2-6 months

1-5 years

WHY NET ZERO

- The Science Based Targets Initiative (SBTi), a framework born from the Paris Agreement, highlights the need to limit global warming by 1.5°C. To do so, greenhouse gas emissions need to be cut by 50% by 2030 and drop to Net Zero by 2050.
- The time to act is now and we all have an important role to play. Your organization has the opportunity to lead for your employees, your customers, and your community by reducing your emissions with Verdis Group's Net Zero Pathway.

WHY VERDIS

- Since 2009, Verdis Group has helped a wide range of organizations achieve ambitious sustainability and climate goals. We excel in both planning and implementation work and have built deep expertise on issues including emissions reduction, active transportation, climate resilience, community engagement, behavior change, waste management and recycling, and much more.
- Our solutions are custom-tailored for and created in partnership with our clients as we build close relationships with individuals involved in the effort. Together, we will make bold decisions and reach your organization's best climate potential.

THE FIRST STEP TO NET ZERO

Schedule today an introductory meeting to discuss your organization's needs and how we can help you on your sustainability journey.
